The Lancaster band got together Monday and played for James Dillon's funeral. This is the first time they have played for six months, but Mr. Dillon was an enthusiastic friend of the band, and an extra effort was made to play for him.

Hydrophobia.
Mr. Curt Robinson lost three head of stock from hydrophobia Sunday and Monday. A fine bull first developed symptoms and was promptly killed. Later, two fine cows showed signs of madness and had to be killed. The loss falls heavily on Mr. Robinson, as the animals were extra good ones.

Every teacher not attending institute, unless excused by county superintendent, will have his or her certificate revoked.

Thinks We're Up Against It.
Richmond Register:—If Garrard county doesn't get the proposed extension of the Southern railroad, from Burgin to Jelico, it will be no fault of Louis Landram, who has consumed enough space in the Record, in what seems to be a vain attempt to stir his sleepy fellow-citizens to action, to pay for half a dozen rights of way. Your will is good, Louis, but to a man up a tree, it looks like you are up against a tough proposition. Here's hoping you will win out, however.

Sudden Death.
Miss Darcas Leavell died at her home on Lexington pike, very suddenly Tuesday morning. She arose that morning feeling quite well, and ate a hearty breakfast. About nine o'clock she suddenly fainted and died within a few minutes. The deceased was a most charming lady, and very popular among a wide circle of friends. Funeral services were held at the Presbyterian church, and the remains interred in the Lancaster Cemetery. We hope to have a more extended notice of Miss Leavell in next issue.

For Sale, Stock of Goods.
I have a good, clean stock of goods of about \$2,000, and the best stand in the county to sell goods. I will sell my stock, and the store room can be rented reasonably. This is one of the best openings for a man to sell goods that I know of. It is five miles from the nearest store and 14 miles to the nearest town. Will sell or exchange for a good farm. Call, or address Mrs. K. M. Scott, Deuna Vista, Ky. aug. 2-5t

"Blind John's" Orchestra.
Many Lancaster people remember John Boyce, the blind colored man who used to make music for hops and parties. He was leader of the old Jess Baughman Danville band, to whose strains many of our now "older" set have danced several thousand miles. John took charge of the famous "Waxey's" band at Lexington at the death of the latter, and has since kept it up to the highest standard of excellence. Manager Hofmann has this orchestra employed at Crab Orchard Springs now, and it is furnishing delightful music.

Successful Business Man.
Last week at the Press meeting, Mr. W. B. Belknap, the well-known Louisville hardware man, presented each member with a souvenir, which was highly appreciated. Mr. Belknap's name is familiar to all readers of the Louisville papers, as he is a strong believer in advertising, and to which he attributes most of his success in business. No citizen of the Falls City stands higher in the estimation of the people than does he, which goes to show what honest dealing, upright methods, liberality, kind-heartedness and plenty of advertising will accomplish. Long life and continued success to Mr. Belknap.

Chicken Causes Trouble.
Last week, Dr. B. F. Baker and Mr. W. C. Heizer, representing the We-Witt Drug Co., of Chicago, were in this county working up the trade, and stopped at the Garrard. Dr. Baker seems to be a dyed-in-the-wool Methodist, as he has a ravenous appetite for chicken, and claims Landlord Fissinger promised to have plenty of the fowl at hand. All went well 'til Wednesday evening, when no chicken was forthcoming, and the two gentlemen adjourned to a nearby restaurant and had the fatted hen slain. When they came to settle with Mr. Fissinger, a dispute arose over settlement for the meal that was served minus fowl, and the two gentlemen left for Danville. Mr. Fissinger swore out a warrant charging them with attempting to defraud an innkeeper and Marshal Pearce drove to Danville and brought them back. A trial was had before Judge Brown, and resulted in their dismissal. Dr. Baker says he cannot eat any other kind of meat. The case was amusing, but at the same time quite annoying to the two travelers. Mr. Heizer is a brother of Rev. Ike Heizer, of Danville, and is well acquainted in this section of the state.

Visit Joe Nicklass' shaving parlor. Take your watches, clocks and jewelry for repair to J. C. Thompson.

Buy Banner Bread, fresh every day, at Blue Grass Grocery.

Rev. T. H. Campbell preached two excellent sermons at the Baptist church Sunday, which were enjoyed by large congregations.

Mr. R. L. Elkin was awarded a number blue ribbons on his chickens at the Richmond fair. Bob has been very successful with his fowls.

A picnic at Hubble drew most of Lancaster's cullud population Sunday, and many housewives had to get dinner. A picnic will catch the coon every time.

Good Birth for Gen. Collier.
The Louisville dailies say Leslie Combs will resign the pension agency and Gen. D. R. Collier will be appointed to the office. Mr. Combs will manage the republican campaign in the state.

The ladies of the Mite Society and members of the Presbyterian church will give a reception to Dr. McKee and daughter, Miss Leila, at the church Saturday night. All members and friends invited. Refreshments will be served in the basement and the reception held in the yard.

Miss Lella S. McKee, president of Wesleyan College, Oxford, Ohio, will deliver a talk next Sunday afternoon, August 5th, at 4 o'clock at the Presbyterian church, Lancaster, on Christian education of women of the nineteenth century. The hour of 4 o'clock is selected that it may not conflict with any other services in town, so that all persons in the community interested in the subject may be able to attend.

Store Room For Rent.
The large, handsome store room now occupied by Fuller & Synson as a grocery. This is the largest grocery room in town, and one of the best stands. Has been occupied as a grocery and queensware house for many years. Plenty of light. Possession given after August 14. G. S. GAINES.

HORRIBLE ACCIDENT.

Dove Hughes Struck by a Passenger Train and Horribly Mangled.

The most shocking accident that has happened in this vicinity for many years was the killing of Dove Hughes by a passenger train Sunday morning. He had been in town that night, and returning to his home, about half a mile out on the Stanford pike, sat down on the railroad ties and fell asleep. This was within seventy-five yards of the house, and his mother, upon arising about five o'clock, looked up the track and saw the body lying by the road-bed. She believed it was her son, and running to the spot tried to lift his head, when to her horror, she discovered that he was dead. The neighbors were quickly called and the body carried to the house, when it was found that his back was broken, a large hole cut in back of his head and the right arm mashed to a pulp. It is the general belief that as the fireman is compelled to shovel coal all the way up the grade at that point, that Mr. Hughes was not seen and the train men knew nothing of the accident. The body was on the fireman's side, and the long passenger engine naturally obstructed the view of that side of the track. At the point where the body was found, blood was sprinkled for a distance of about ten feet. It is necessary at this point for the fireman to put in a big fire, in order to pull the grade out of Lancaster and most of the way to Hattiesville, so its a natural conclusion that Mr. Hughes was not seen at all. He is a son of Mr. and Mrs. William Hughes, and nephew of Mr. H. A. B. Marks-bury, and has lived in this county all his life. He was a young man of fine intellect, and a natural wit. He was a hard working boy, and had many friends. Funeral services were held Monday afternoon, and the remains interred at the Lancaster Cemetery. The grief-stricken family have the sympathy of every one in their great bereavement.

A Fine Game of Ball.

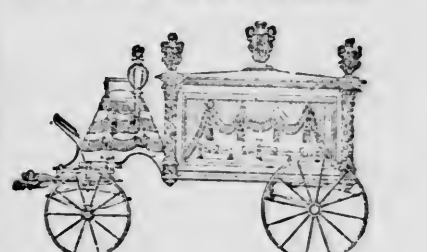

The "second nine" of this place, went to Hustonville, Saturday, and were beaten by the club of that city 12 to 8. The local boys say they were never more nicely treated than they were by the Hustonville lads, and compliment the latter's playing highly. A return game will be played here next Tuesday at 2:30 and a big crowd should see it. The Lancaster players are W. West, W. Walker, S. Anderson, C. West, W. Herndon, Dick Anderson, G. Walker, J. Norris and L. Herndon.

There is a growing feeling among the people to give the rising generation a mechanical education in connection with the regular course now in vogue. As the matter is now conducted, many a good plow hand is ruined by trying to beat in his head the Greek, Phiji and other languages that are of about as much use to him in this day and time as a fifth leg on a horse. What is needed is more educated mechanics and less so-called lawyers and doctors. The average school of today beats into a cub's head the idea that he knows all about medicine, the law, or what other profession he has undertaken to master. The young man then swings his sniggle, lays aside his text books, and is a full fledged "professional" man. If the schools would teach trades and guarantee the student a place as a "foreman of the shop" instead of a "leading lawyer" or a doctor who will raise the dead, the young fellow would more than likely turn out to be of some benefit to his community. There are fewer skilled mechanics in Kentucky than any state in this section of the Union, and more fellows trying to eke out an existence practicing some profession. The greatest trouble is that so many think that manual labor is not honorable.

"Our Wives and Our Sweethearts"—May They Never Meet!—was the toast responded to by Miss Elvira Snyder Miller, the charming chief cook and bottle washer of the "Fattier" department of the Louisville Times. What she did for the subject was an elegant sufficiency. Had we been referee of the meeting, we would have borrowed Mayor Weaver's speech to the press boys, substituted the words "The Bakery" where he said key to "The City" and feel sure we would have voiced the feelings of every editor present, by deeding the property to her. She certainly keeps abreast of the Times, and, judging from her frequent spicy comments on Louisville's public men, she makes their lives almost as comfortable as a well-fitting grave.

We heard more political gas-bags pop off around the hotels in Louisville two days last week than we have heard in Garrard county in six weeks. This is another evidence that Garrard is the best county in the state. Her citizens are at work and have no time to gas. Our people all have their opinions, but believe in granting to every one the right to think as he pleases. Idleness brings up political discussions, and if the vagrant law was strictly enforced there would be few such arguments heard.

INDICATIONS point to the nomination of Hon. George M. Davidson to make the race for congress on the re-

publican ticket in this district. He made a faithful representative and would get the united strength of his party.

We had always heard that Clarence Woods, of the Richmond Climax, was a teetotaler and rank prohibitionist, but when we saw him attempt to blow the foam off the loving cup passed at the Louisville meeting, it caused a doubt to arise.

The big dailies are chock full of politics now, and scarcely anything else finds room in their columns. The smaller fry take up the cue and add "Thems my sentiments too". And so it goes.

If the Powers would scatter Rough on Rats throughout China, they could soon conquer the yaller devils in cutting off their food supply.

A Popular Gentleman.
We present herewith a fair likeness of Mr. Robert Brown, managing editor of the Louisville Times, who was recently elected president of the Kentucky Press Association. Mr. Brown is also private secretary to Mayor

Weaver, of Louisville, and the two positions make enough work for two ordinary men to do, but he attends to both and then finds plenty of time to devote to his friends. Every one who knows him is his friend. He's every inch a gentleman, and the press boys love him like a brother.

His Life Was Saved.
Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at McRoberts' Drug Store. Every bottle guaranteed. 1m

Never despise little things. Even the elephant is not too big to concentrate his mind on an unpretentious peanut.

Woods, the chief instigator, tells us he finds ready success in the undertaking. It is something every one is anxious for, and all feel the need of such an institution at this place. We thank Mr. Woods for his efforts so far, and earnestly hope for his success.

Miss Kate Denton has returned from Lancaster where she has been visiting her sister, Mrs. Victor Lear. Mrs. Phil Pottus, of Preachersville, was the guest of her sister, Mrs. W. S. Fish, last week. Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grand mothers' never thought of using anything else for indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by C. C. & J. E. Stormes.

INDUSTRIAL EDUCATION.

The press, so great a medium to reach the people upon any subject pertaining to their interest and development, we take this avenue of calling the attention of the public to the existing educational system in vogue in Kentucky, and the Southland, how deficient that system in meeting the wants and needs of my people. When Freedom, with all her blessings, dawned upon the negro the good people of the North came South, founded schools, began educating him to become a better citizen, conscientious in their work, but mistaken in their idea, they dealt with the training of his mind, leaving his hand unskilled. As a result of this training the graduates of colleges and high schools have gone forth into the world fitted only for professional work, where all cannot find employment, and where all are not fitted. So many have fallen into the ranks of the slothful, degenerate class, a burden to society. A man will seek to do what he is trained to do. When but a few days ago we visited several schools in the state, addressing girls and boys with cheerful faces, and bright eyes, we put to them this question: "What do you hope to make of yourselves when you are grown?" Ninety per cent. of the girls sought to become teachers, boys aspired to lead professional lives. Thus we see, seeking a pursuit along the line of their training.

The broad fields of industry have never thrown open their gates before them in any way that their youthful eyes could see the opportunities they presented, not elsewhere to be found. We stood one day looking upon the picture of a beautiful scenery, ten hours ride brought us to stand in its midst, surrounded as we were, impressed by its magical influence, we exclaimed, "Thy very soul is great!" When the youths are brought under this magical influence of industry's scenery, they too, will say, "Thy very soul is great!" Let us not be content to simply draw them the picture.

The education that fits the white child, will not wholly fit the negro child; for their duties in life are different. We do not mean to say, or imply, the negro is capable of doing menial labor, no, never, but we do mean to say, all are not capable of doing professional work. Say nature had endowed every negro with the faculties that could be drafted into either teaching, preaching, doctoring, lawyering; would not cool, deliberate reason dictate some other of the fields when these are crowded, or fast becoming so, while others do beckon, come? Booker T. Washington is, beyond a doubt, the greatest American negro. Why? Because he sees, and knows the need of his people, and is supplying that need with the proper remedy. Close, following suit, would say Geo. P. Russell, Principal Lexington City Schools, a pioneer in this cause. Kentucky has done herself an injustice in not developing to the full extent the industrial departments of the State Normal School, at Frankfort, from which her sons and daughters could come forth masters of trades. Skilled to that extent, they would be second to none; thus becoming more useful citizens to the Commonwealth and nation. May those of the teachers who may chance to read this article interest be aroused to that extent upon this question, so vital to the welfare of our country, all people, better themselves to help accomplish for our youths that system that will educate the hand as well as the mind. Yours truly, L. A. LEAVELL.

MORE LOCAL.

Death of James Dillon.

After a lingering illness of consumption, Mr. James Dillon died at his home on Richmond street Sunday morning at an early hour. As has been stated in these columns from time to time, he has improved and grown worse at intervals for the last five or six years, but the final illness appeared some three months ago and he has been confined to the house ever since. The funeral was conducted by Dr. McKee and Rev. Campbell at the Presbyterian church Monday afternoon at two o'clock, concluded at the Cemetery by the Knights of Pythias lodge. "The Old Crow," as he had named himself and was familiarly called, was one of the best known citizens of Lancaster. He came here eighteen or twenty years ago, and we are sure that no man has done more favors for people and attended to more "Thank you" jobs than he. He was born in Dublin, Ireland, and came to this country when quite young. He served with honor in the Fifth Ohio regiment during the civil war, and was a devoted member of the G. A. R. At the battle of Gettysburg, the roaring of the cannon injured his hearing, and he grew very deaf in the last years of his life. For a long time he was a conductor on the L. & N. railroad, and during the cholera in Lancaster ran a train through this place, a task no other conductor would undertake. He was connected with the Cincinnati fire department just after the war, and the experience gained there was often used to great advantage in Lancaster. He took a great delight in getting up entertainments, and no home talent show was ever attempted that he did not do much if not more hard work than any one to make it a success. There was one characteristic of Jim Dillon's that we wish to set forth distinctly, and that was his earnest desire to help any poor unfortunate that were cursed with the drink habit. No matter who had gotten down from the damnable curse, he would always go at once to see him, and while some long-faced, "church members" were saying how the fellow should be taken out and burned at the stake, Jim Dillon would be administering to his wants and trying to encourage him to turn from the evil of his way, brace up and be a man. We know of one other man in town who does this, and we say unhesitatingly that that one good trait alone is enough to earn for them a crown in the great beyond. If Jim Dillon admired a man, he would show it by kind deeds, and if he disliked him, he would most certainly let him know it. He was not of the kind who proclaimed his good deeds from the housetops, but went about in a quiet manner doing a good turn whenever and wherever an opportunity presented, and it is safe to say his kindness of heart has been rewarded. He leaves a widow and one daughter, Miss Nellie, who have great sympathy in their loss.

Pepsin Syrup Co. November 6, '99.

Dear Sirs:—I feel it my duty to write to you and let you know how much good your medicine has done for me. Twenty-three years ago I was taken with some kind of stomach trouble and I tried everything I heard of. They did me but little good. Three years ago neuralgia set in on me and I got so poor and weak that I could hardly walk—couldn't work any. My husband received a book through the mail, advertising your medicine, and he sent our little boy to the drug store to get one of your ten-cent bottles. I began to use it. It is strange to say, but it's the truth, the second dose I took gave me lots of relief. I kept on using it till I used it nearly one year and now I am nearly as strong as I used to be and can do any kind of work. I recommend it to all, for it seems to me it would cure anybody. I have gotten several to use Dr. Caldwell's Syrup Pepsin and they all say it has done them so much good. God bless Dr. Caldwell and his medicine for doing me so much good. Yours with respect, Mrs. Isabel Wheeler, Freetown, Jackson Co., Ind. Sold by R. E. McRoberts druggist.

HEALTHY OLD AGE SSS

The majority of persons upon reaching middle age and past find their blood becomes weak, thin, and diseases that were easily controlled in earlier life begin to affect the constitution. Those predisposed to Scrofula, Cancer, Rheumatism, Gout and other hereditary troubles may escape till then, but as they age the blood, so long tainted and weakened by accumulated waste matters, is no longer able to properly nourish the body, and it becomes an easy mark for disease. At this critical period of life the blood must be re-enforced before it can perform its legitimate functions and rid the system of these poisons, and nothing so surely and effectually does this as S. S. S.

S. S. S. strengthens and enriches the blood, improves the appetite, and builds up the general constitution. It is not only the best blood purifier, but the best tonic for old people. It warms the blood, tones up the nerves, removes all purely from the blood, and prevents the development of disease.

S. S. S. is the only purely vegetable blood medicine known. Not one particle of mercury, potash or other mineral poison can be found in it, and it may be taken for any length of time without harm.

S. S. S. is the only remedy that reaches deep-seated blood troubles like Scrofula, Cancer, Rheumatism, Eczema, Tetters, etc. It purifies and restores the blood to a healthy, normal condition, and makes it impossible for any poisonous waste materials to accumulate.

If you have an old running sore or an obstinate ulcer that refuses to heal, or are troubled with boils and carbuncles, try S. S. S. It never fails to make a quick and permanent cure of these pests. If your system is run down and you feel the need of a tonic, S. S. S. will strengthen and help you as it has many others to a happy, healthy old age.

S. S. S. cured Mr. H. Borden of Staunton, Va., of a case of Eczema of thirty-five years standing, after the best physicians in the surrounding country had failed. This was seven years ago, and there has been no return of the disease.

If you are in doubt about your disease, and will send us a statement of your case, our physician will give you any information or advice wanted, for which we make no charge.

Book on Blood and Skin Diseases sent for desiring it. Address Swift Specific Co., Atlanta, Ga.

Beginning Early.

Father—Now, Freddy and Harry, I want of see which of you will put one dollar to the best account in a week.

Father (following Saturday)—Well, Fred, what have you done with your money?

Fred—I have doubled it.

Father—That is good and promises well; and Harry, how have you done?

Harry—I have lost mine. I tossed with Fred and he won. — Pearson's Weekly.

Her Hint.

"George, dear," queried the summer girl, "are you fond of ice cream?"

"Yes, darling," he replied, "but you know many of the leading physicians have pronounced it dangerous."

"Yes, I know they have, George," said the dear girl, "but I don't want to think for a minute that I am a coward." — Chicago Daily News.

Post's Woe.

"I have always been a reader of your poetry," began Mrs. Gusho.

"I am glad," replied Algernon Charles Mystic, "that some one understands me."

"Oh, but that is what I have been hoping to meet you for. I wanted you to explain." — Philadelphia North American.

Understood His Business.

Druggist—I am getting up a new patent medicine, and I want some signs painted.

Scenery Decorator—How many words?

"Not many. Just say: 'Take Dr. Squills' Syrup for That Tired Feeling.'"

"All right. I'll put it on every steep hill I can find." — N. Y. Weekly.

Becoming Unpopular.

Miss Forrester—This fashion of having hired slingers is just horrid, and I'm going to stop it. Mr. Niccelfo has gone now.

Mrs. F.—Gone where?

Miss F.—Gone and married one of the slingers, same as the rest of 'em. — N. Y. Weekly.

Worse Than Scolding.

"Did your wife scold you when you came home late last night?"

"You don't know what it is to have a wife who was once a school-teacher. She simply made me write a hundred times on a slate: 'I must be at home by ten o'clock.'"

"Titt-titts."
